A TROLL LEARNING CENTER

CATEGORIZING: Detective Games is the perfect way to introduce students to categorizing and classifying, and to help them develop reading and thinking skills.

Lively "detective" activities actively involve students in reading for content, obtaining and processing information, and analyzing data by comparing facts in various categories. Colorful high-resolution graphics make solving each case an adventure.

THIS LEARNING CENTER CONTAINS:

- a MICRO-SOFTWARE program disk
- a User's Guide
